
Lounge that works

Paséa™

IDEON®

Work, wait, welcome or wind down

DESIGNED BY Q DESIGN

Whatever you need from your open spaces, Paséa can do it. From quick collaborations and afternoon coffee breaks to private conversations and independent working sessions, the supreme comfort and limitless versatility of this collection will make you rethink what modular lounge seating can (and should) be.

An aerial photograph of sand dunes, showing the rhythmic, undulating patterns of the sand. The dunes are illuminated from the side, creating soft shadows and highlights that emphasize their texture and form. The color palette is warm, ranging from golden-brown to deep orange and red. A semi-transparent dark blue rectangular box is overlaid on the right side of the image, containing white text.

Made for take-fives and high-fives

Experience the freedom to do anything in one collection. Inspired by a world where you can surf and ski on the same day – or play on sandy beaches in the morning and sandy dunes in the afternoon – Paséa takes you beyond one-dimensional lounge furniture with cozy cloud-like comfort and the flexibility to be a destination for work or play.

Discover Active Lounge

We create the world's most comfortable task chairs, so of course we can do the same for lounge. The tapered base, comfort-scaled seat and built-in backrest with lumbar curve promote an active working posture, giving you the kind of all-day support you need when working at your desk.

- 1 LEAN BACK** with lumbar-loving curves
- 2 REST EASY** with soft seats and curved edges
- 3 MAKE ROOM** for legroom with tapered bases
