Design Customization

Our revolutionary approach to design allows you to tailor each and every IDEON Compositum piece to your exacting needs. Whatever you visualize can be achieved. Start with one of our four model collections and from there, the sky is the limit. Customize your design with different back, valance and foot styles as well as a plethora of finish and textile options to create truly unique seating.

Designing your custom IDEON furnishings is as easy as point-and click. Use our simple online design tool to visualize, choose options, view finishes and upholstery, get pricing, and create client presentations.

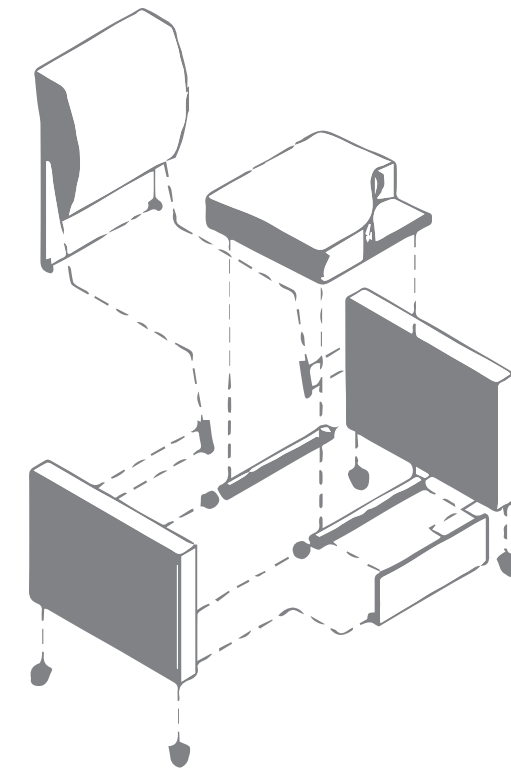

Healthcare

Gentle curves and a comfortable vibe makes Compositum Round an appealing choice for residential healthcare settings, such as assisted living, senior care centers and retirement homes.

Construction

The unique IDEON steel rail system creates a robust, durable understructure that withstands even the toughest environments. Each component is locked in place using multiple 5/16th grade 5 hex bolts through the rails. Arms are anchored by a high performance molded joint system providing lasting durability and stability. Extra strength monofilament webbing creates excellent resilience, while high density foam provides comfort and rebound in a low-profile cushion.

Traditional Lobby

Composium Round is a comfortable, traditional style perfect for instilling a comfortable, secure and restful atmosphere for hospitality, healthcare and assisted living applications.

Unmatched Pattern Matching

IDEON is the industry leader in pattern matching. Our PatternMatch™ expertise links patterns to chair components for a unified look across the back, front, seat and valance. Fabric for the right and left arms are cut to be mirror images. With this technology, every chair is a perfect match. And the match can be replicated. Even years later, PatternMatch ensures the replacement perfectly matches the original.

PatternMatch Expertise

The replacement
perfectly matches
the original. Every time.

Extended Life

IDEON chairs are designed to extend their useful life with field replaceable components. It's easy to order replacement parts, and on-site maintenance staff can quickly disassemble and replace components to keep seating looking and feeling brand new.

Sustainability

The SitOnIt Seating and IDEON Take Back Program is designed to minimize product waste and make environmental responsibility easy for our customers. We partnered with the nonprofit environmental organization ANEW to offer a return program that matches surplus seating with needy recipients or recycles it to avoid landfill.

Composium is GREENGUARD and GREENGUARD Gold certified to help improve indoor air quality and reduce exposure to harmful chemical emissions.
